Growing portfolio of proprietary specialty, science-backed ingredients

An Ideal Source of Omega-3 Phospholipids and Astaxanthin

Premium Neptune Krill Oil (NKO®) is derived through a proprietary extraction process and includes superior levels of EPA, DHA and Astaxanthin — NKO is the leading krill oil on the market.

Neptune Krill Aquatein™ (NKA™)

A high-quality marine protein meal for aquaculture feeds and animal nutrition featuring a range of amino acids, including the eight essential amino acids necessary for growth and development.

MaxSimil®

MaxSimil Fish oils are unique, patented omega-3 monoglyceride-rich oils, "pre-digested" by mimicking the natural human digestive process to deliver absorption-ready monoglyceride omega-3 fatty acids.
