EXERCISE OF DISCRETION BY PROXIES

All common shares of the Corporation (the “Common Shares”) represented at the Meeting by properly-executed proxies will be voted and where a choice with respect to any matter to be acted upon has been specified in the instrument of proxy, the Common Shares represented by the proxy will be voted in accordance with such specifications. In the absence of any such specifications, the persons designated in the enclosed form of proxy will vote in favour of all the matters set out herein. Instructions with respect to voting will be respected by the persons designated in the enclosed form of proxy. With respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters that may properly come before the Meeting, such Common Shares will be voted by the persons so designated at their discretion. At the time of printing this Circular, management of the Corporation knows of no such amendments, variations or other matters.

NON-REGISTERED SHAREHOLDERS

Only Registered Shareholders, or proxyholders duly appointed by the Shareholders, are permitted to vote at the Meeting. However, in many cases, shares beneficially owned by a person (a “**Non-Registered Shareholder**”) are registered either:

- (a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Shareholder deals with in respect of the Common Shares, such as securities dealers or brokers, banks, trust companies, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
- (b) in the name of a clearing agency of which the Intermediary is a participant. In accordance with National Instrument 54-101 - *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators, the Corporation has distributed copies of the Notice of Meeting and this Circular (collectively, the “**Meeting Materials**”) to the clearing agencies and Intermediaries for distribution to Non-Registered Shareholders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders, and often use a service corporation for this purpose. Non-Registered Shareholders will either:

- (a) typically, be provided with a computerized form (often called a “voting instruction form”) which is not signed by the Intermediary and which, when properly completed and signed by the Non-Registered Shareholder and returned to the Intermediary or its service corporation, will constitute voting instructions which the Intermediary must follow. The Non-Registered Shareholder will generally be given a page of instructions which contains a removable label containing a bar-code and other information. In order for the applicable computerized form to validly constitute a voting instruction form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the computerized form, properly complete and sign the form and submit it to the Intermediary or its service corporation in accordance with the instructions of the Intermediary or service corporation. In certain cases, the Non-Registered Shareholder may provide such voting instructions to the Intermediary or its service corporation through the Internet or through a toll-free telephone number; or
- (b) less commonly, be given a proxy form which has already been signed by the Intermediary (typically by a facsimile, stamped signature), which is restricted to the number of Common Shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the proxy form and submit it to Computershare Investor Services Inc. (Attention: Proxy Department), 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 prior to the proxy deadline.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Common Shares which they beneficially own.

Should a Non-Registered Shareholder who receives a voting instruction form wish to vote online at the Meeting (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should print his, her or its own name, or that of such other person, on the voting instruction form and return it to the Intermediary or its service corporation AND will need to register himself or herself, or or such other person, as his, her or its proxyholder, as described below. Should a Non-Registered Shareholder who receives a proxy form wish to vote online at the Meeting (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the names of the persons set out in the proxy form and insert the name of the Non-Registered Shareholder or such other person in the blank space provided and submit it to Computershare Investor Services Inc. at the address set out at (b) above prior to the proxy deadline.

To register a proxyholder, Shareholders MUST visit <http://www.computershare.com/Neptune> no later than 10:30 a.m. (eastern time) on August 10, 2020 and provide Computershare Investor Services Inc. with the required proxyholder contact information, so that Computershare Investor Services Inc. may provide the proxyholder with a Username via email. Without a Username, proxyholders will not be able to attend, vote and ask questions at the Meeting.

Please also see further instructions below under the heading “the Meeting - Attending and Participating at the Meeting”.

In all cases, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when, where and by what means the voting instruction form or proxy form must be delivered.

A Non-Registered Shareholder may revoke voting instructions which have been given to an Intermediary at any time prior to the Meeting by written notice to the Intermediary.

COMPENSATION DISCUSSION AND ANALYSIS

"**Named Executive Officer**" (or "**NEO**") means: (a) a CEO, (b) a CFO, (c) each of the three (3) most highly compensated executive officers of the Corporation, including any of its subsidiaries, or the three (3) most highly compensated individuals acting in a similar capacity, other than the CEO and the CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000, and (d) each individual who would be an NEO under (c) above but for the fact that the individual was neither an executive officer of the Corporation or its subsidiaries, nor acting in a similar capacity, at the end of that financial year.

During the financial year ended March 31, 2020 ("**Fiscal 2020**"), the Corporation had seven (7) NEOs, being, Mr. Michael Cammarata, President and CEO since July 8, 2019, Ms. Claudie Lauzon, Interim CFO and Controller since November 12, 2019, Mr. Michel Timperio, President of Cannabis Business, Mr. Graham Wood, Chief Scientific Officer and Mr. Stephen Lijoi, VP, Operations, as well as Mr. James S. Hamilton, former President and CEO and Mr. Mario Paradis, former Vice President and CFO. Mr. Hamilton ceased to be President and CEO of the Corporation on July 8, 2019 and Mr. Mario Paradis ceased to be Vice President and CFO of the Corporation on November 12, 2019.

Compensation Governance

Compensation of executive officers and Directors of the Corporation is recommended to the Board of Directors by the Compensation and Human Resources Committee (the "**CHR Committee**"). In its review process, the CHR Committee relies on input from management on the assessment of executives and Corporation's performance. During Fiscal 2020, the Corporation's Governance and Human Resources Committee (the "**GHR Committee**") was dissolved and replaced by the CHR Committee. References herein to the CHR Committee refer to the committees of the Corporation performing the function of a compensation committee from time to time, which includes each of the GHR Committee and the CHR Committee.

As of March 31, 2020, the CHR Committee was composed of the following independent members: Mr. Richard P. Schottenfeld, acting as chairperson, Dr. Ronald Denis and Ms. Hélène F. Fortin. As Ms. Fortin will not be standing for re-election at the Meeting, a successor to Ms. Fortin is expected to be appointed from among the independent Directors elected at the Meeting. The CHR Committee establishes management compensation policies and oversees their general implementation. All members of the CHR Committee have direct experience which is relevant to their responsibilities as CHR Committee members. All members are or have held senior executive or director roles within significant businesses or public organizations, several also having public companies experience, and have a good financial understanding which allows them to assess the costs versus benefits of compensation plans. The members of the CHR Committee combined experience in the Corporation's sector provides them with the understanding of the Corporation's success factors and risks, which is very important when determining metrics for measuring success.

Risk management is a primary consideration of the CHR Committee when implementing its compensation program. It does not believe that its compensation program results in unnecessary or inappropriate risk taking, including risks that are likely to have a material adverse effect on the Corporation. Payments of bonuses, if any, are not made unless performance goals are met.

For executive, more than half of target direct compensation base salary + target STIP (as defined below) + target LTIP (as defined below) is considered "at risk". This mix results in a strong pay-for-performance relationship and an alignment with Shareholders and competitive with other firms of comparable size in similar fields. The CEO makes recommendations to the CHR Committee as to the compensation of the Corporation's executive officers, other than himself, for approval by the Board. The CHR Committee makes recommendations to the Board of Directors as to the compensation of the CEO, for approval. The CEO's salary is based on comparable market consideration and the CHR Committee's assessment of his performance, with regard to the Corporation's financial performance and progress in achieving strategic performance.

Qualitative factors beyond the quantitative financial metrics are also a key consideration in the determination of individual executive compensation payments. How executives achieve their financial results and demonstrate leadership consistent with the Corporation's values are key to individual compensation decisions.

The CHR Committee has authority to retain the services of independent compensation consultants to advise its members on executive compensation and related matters, and to determine the fees and the terms and conditions of the engagement of such consultants. During Fiscal 2020, the CHR Committee retained the services of Hexarem Inc. ("**Hexarem**") to review the Corporation's executive compensation programs, including base salary, short-term incentives, total cash compensation levels, severance packages and total direct compensation of certain senior positions, against those of peer groups of similar and larger size, as measured by market capitalization, biotechnology, pharmaceutical and nutrition companies listed or headquartered in North America. Hexarem recently issued a report with the conclusion of its review on the Corporation's executive compensation programs to the CHR Committee. The CHR Committee is currently assessing this report and will consider making a recommendation to the Board of Directors with respect to the Corporation's executive compensation programs. In addition to the review the Corporation's executive compensation programs referred above, Hexarem has provided general advice on executive compensation and related matters to the CHR Committee. All of the services of Hexarem were provided to the CHR Committee.

The CHR Committee has assessed the independence of Hexarem and concluded that its engagement of Hexarem does not raise any conflict of interest with the Corporation or any of the Directors or executive officers. The total remuneration received by Hexarem during the financial years ended March 31, 2019 and March 31, 2020 for executive compensation-related fees was an aggregate value of, respectively, \$55,550.00 and \$5,772.50 (plus applicable taxes).

The following two (2) comparator groups were used to benchmark the NEO positions.

Benchmarking Against the Canadian Market

The CHR Committee regularly reviews the competitiveness of its compensation programs and the compensation of certain senior positions against other organizations with whom the Corporation compete for talent. The CHR Committee retains the services of an independent advisor to select an appropriate comparator group and to perform a compensation market review. Selected positions are normally reviewed every two (2) or three (3) years.

The comparator group proposed by the independent advisor and approved by the CHR Committee normally meets the following selection criteria:

- publicly-traded organizations;
- in the pharmaceutical, nutrition or biotechnology industry; and
- headquartered in Canada.

Compensation review results presented by the CHR Committee's independent consultant are size-adjusted to the scope of the Corporation. This method mitigates the impact that much larger companies may have on the competitive compensation levels. Exceptionally, certain senior positions may also be benchmarked against a similar group of U.S. based organizations.

Alignment at Target with 50th Percentile

The Corporation anchors its target compensation at the 50th percentile of the reference market with the following components: (i) 80/120 salary structure with midpoints anchored at the 50th percentile, (ii) STIP and LTIP targets at the 50th percentile of the reference market, and (iii) competitive group benefits.

Summary of the Corporation's Compensation Programs

The components of our compensation programs are highlighted in the table below:

	What are the key features?	Primary objective	What does the compensation element reward?	How is the annual value or target determined?

The Corporation's executive compensation program is intended to attract, motivate and retain high performing senior executives, encourage and reward superior performance and align the executives' interests with those of the Corporation by providing a compensation which is competitive with the compensation received by executives employed by comparable companies and ensuring that the achievement of annual objectives is rewarded through the payment of bonuses and providing executives with long-term incentive through the grant of stock options.

Use of Fixed and Variable Pay Components

Compensation of NEOs is reviewed each year and has been structured to encourage and reward the executive officers on the basis of short-term and long-term corporate performance. In the context of the analysis of the compensation for Fiscal 2020, the following components were examined:

- (i) base salary;
- (ii) short-term incentive plan, consisting of a cash bonus;
- (iii) long-term incentive plan, consisting of stock options and equity incentive grants based on performance and/or time vesting conditions; and
- (iv) other elements of compensation, consisting of group benefits and perquisites.

Base Salary

Base salary paid to executives is set within a salary structure consistent with the Corporation's pay equity policy with a mid-point aligned with the 50th percentile value of the job within the comparator group. The actual base salary is set in recognition of the individual's skills, experience, and contribution.

Short-Term Incentive Plan ("STIP")

STIP targets are aligned with the 50th percentile of our reference market and set as a percentage of the executive's base salary. For Fiscal 2020, Mr. Michael Cammarata, CEO, was eligible for no less than a 75% target bonus, Mr. Michel Timperio, President of Cannabis Business, was eligible for up to a 40% target bonus (up to a 80% maximum bonus) of his annual base salary, Ms. Jaqueline Khayat, Vice President, Business Development – Cannabis and Mr. Stephen Lijoi, VP Operations, were eligible for up to a 30% target bonus (up to a 60% maximum bonus) of their respective annual base salary and Ms. Claudie Lauzon, former interim CFO, was eligible for up to a 20% target bonus (up to a 40% maximum bonus). Mr. James S. Hamilton, former President and CEO, and Mr. Mario Paradis, former CFO, were not eligible for STIP awards in Fiscal 2020 due to their departure from the Corporation prior to the completion of Fiscal 2020.

The STIP is revised by the CHR Committee and its independent advisor every two (2) to three (3) years as market conditions evolve. The annual bonus provides an opportunity for management and executive employees to earn an annual cash incentive based on the global financial results of the Corporation and the degree of achievement of objectives set by the Board of Directors, generally based on actual versus budgeted results.

These performance goals will take into account (i) the Corporation's adjusted EBITDA (consistent with the definition retained by the Corporation in the preparation of the audited financial statements and accompanying Management & Discussion Analysis) and with budgeted results, (ii) the Corporation's revenues during the last completed financial year (consistent with the definition retained by the Corporation in the preparation of the audited financial statements and accompanying Management & Discussion Analysis), (iii) the business development of our business through the implementation of our commercial strategy and (iv) other personal achievements fulfilled by each executive officer, as the case may be. The Board may apply a corporate multiplier to consider the Corporation's capacity to pay even if corporate and individual objectives are met.

Long-Term Incentive Plan (“LTIP”)

LTIP targets are aligned with the 50th percentile of our reference market and set as a percentage of the executive’s base salary. LTIP targets are reviewed by the CHR Committee and its independent advisor every two (2) to three (3) years as market conditions evolve. The grant of stock options by the Corporation to executives and management aims to recognize and reward the impact of longer-term strategic actions undertaken by management, offering an added incentive for the retention of the Corporation’s executives as well as aligning the interests of the Corporation’s executives with that of its Shareholders.

The CHR Committee is responsible for overseeing and managing the Stock Option Plan. Grants of stock options to executives and management are approved by the Board of Directors. Generally, new stock option grants do not take into account previous grants of stock options when considering new awards. The terms of the Stock Option Plan are described below under the heading “**Stock Option Plan**”.

The CHR Committee may also determine, in its sole discretion and taking into consideration a wide variety of qualitative and quantitative factors, *ad hoc* numbers of stock options to be granted to participants in order to address extraordinary situation affecting the Corporation’s overall activities.

The CEO is also provided with a pool of stock options for *ad hoc* grants to a limited number of other contributors. The CEO has the discretion, with the concomitant support of the CHR Committee to allocate none or all the pool at his/her discretion to:

- reward top performers;
- new hires;
- retain high-potential contributors; and
- address special needs.

Each *ad hoc* grant must be ratified and approved by the Board of Directors in order to give full effect to the issuance of such securities under the Stock Option Plan.

In September 2017, the GHR Committee ordered a study report from Hexarem in order to review the Corporation’s long-term incentive program for certain key senior positions following the repositioning of the Corporation’s activities after its exit from the krill oil manufacturing business. The GHR Committee considered the pros and cons of different designs in order to identify the best-suited approach to support the current and upcoming transformational turnaround challenge. Based on the foregoing, the Corporation approved the GHR Committee recommendations to award a single grant of stock options to certain key senior positions equal to three (3) times the target annual LTIP value for such position, as set forth under the Management Compensation Policy, provided that (i) such options vest over three (3) years (if not accelerated), and (ii) option holders receiving such options will no longer be eligible to receive annual grant of stock options equal to their respective annual LTIP target as set forth under the Management Compensation Policy during such three (3) years. The Corporation believes that the substantial grant completed in 2017 was appropriate for a company in a rapid growth phase, or wishing to reinvent itself, as it would let the market judge its success. It would also provide the necessary retention power consistent with the expected time required to fully deploy the Corporation’s strategic plan. As described above, during Fiscal 2020, the CHR Committee retained the services of Hexarem to review the Corporation’s executive compensation programs, including the Corporation’s long-term incentive program. Hexarem recently issued its report with the conclusion of its review on the Corporation’s executive compensation programs to the CHR Committee. The CHR Committee is currently assessing this report and will consider making a recommendation to the Board of Directors with respect to the Corporation’s executive compensation programs.

An Equity Incentive Plan was adopted by the Board of Directors in order to provide the Corporation with a share-related mechanism to attract, retain and motivate qualified Directors, employees, and consultants of the Corporation and its subsidiaries. The terms of the Stock Option Plan are described below under the heading “Stock Option Plan”, and the terms of the Equity Incentive Plan are described below under the heading “Equity Incentive Plan”.

The Directors and executive officers are not permitted to purchase financial instruments, including for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Director or executive officer.

Management Share Ownership Policy

Effective for the financial year ended March 31, 2020, executives holding offices of Vice President or above have a maximum period of five (5) years to acquire stock ownership equal to one time (1x) their annual base salary, with the exception of the Corporation's CEO for which such target is set at two times (2x) his/her annual base salary. Similarly, newly appointed executives will have a maximum period of five (5) years from the date of their appointment to meet their ownership target. Common Shares, as well as "in-the-money" options granted under the Stock Option Plan, Deferred Share Units ("**DSUs**"), Restricted Share Units ("**RSUs**") or similar types of equity-based awards granted under the Corporation's Equity Incentive Plan (collectively the "**Equity-Based Awards**") count towards meeting these ownership targets.

Ownership targets will be measured annually as at the end of the Corporation's financial year, based on a share market value calculated as the higher of (i) the last 10-day volume weighted average price (10-day VWAP) of the Common Shares trading on the Toronto Stock Exchange (the "**TSX**") as at financial year-end, and (ii) the acquisition cost of the Common Shares (or value of the underlying Common Shares as of the grant date of any Equity-Based Award).

To foster shareholder alignment and to facilitate equity accumulation as well as compliance with this share ownership policy, the annual STIP bonus payable to such executives, pursuant to the Corporation's Management Compensation Policy, as amended from time to time, will be payable 50% in cash and 50% in fully-vested DSUs. At the sole discretion of the executive, if he/she elects his/her STIP bonus be paid in full in DSUs only, the executive will be entitled to receive 110% of the STIP bonus payable in fully-vested DSUs.

Stock Option Plan

The following is a summary of important provisions of the Stock Option Plan. It is not a comprehensive discussion of all of the terms and conditions of the Stock Option Plan. Readers are advised to review the full text of the Stock Option Plan to fully understand all terms and conditions of the Stock Option Plan. A copy of the Stock Option Plan can be obtained by contacting the Corporation's Corporate Secretary.

The Stock Option Plan was adopted on May 10, 2001 and was amended from time to time, including most recently on August 14, 2019.

The grant of options is part of the long-term incentive component of executive and Director compensation, and an essential part of compensation. Qualified Directors, employees, and consultants of the Corporation and its subsidiaries may participate in the Stock Option Plan, which is designed to encourage optionees to link their interests with those of Shareholders, in order to promote an increase in Shareholder value. Awards and the determination of any exercise price are made by the Board of Directors, after recommendation by the CHR Committee. Awards are established, among other things, according to the role and responsibilities associated with the participant's position and his or her influence over appreciation in Shareholder value. Any award grants a participant the right to purchase a certain number of Common Shares during a specified term in the future, after a vesting period and/or specific performance conditions, at an exercise price equal to at least 100% of the Market Price (as defined below) of the Common Shares on the grant date.

Under the Stock Option Plan, the "**Market Price**" of Common Shares as of a particular date shall generally mean the volume weighted average trading price of the Common Shares, calculated by dividing the total value by the total volume of Common Shares traded for a relevant period ("**VWAP**"), on the TSX (and if listed on more than one stock exchange, then the highest of such closing prices) during the last ten (10) business days prior to the grant date (10-day VWAP) (or, if the Common Shares are not then listed and posted for trading on the TSX, on such stock exchange in Canada on which the Common Shares are listed and posted for trading as may be selected for such purpose by the Board). In the event that the Common Shares did not trade during such period, the Market Price shall be the average of the bid and asked prices in respect of the Common Shares at the close of trading on any such date during that ten (10) business day period. In the event that the Common Shares are not listed and posted for trading on any stock exchange, the Market Price shall be the fair market value of the Common Shares as determined by the Board in its sole discretion. Previous awards may sometimes be taken into account when new awards are considered.

On May 25, 2016, the Board of Directors approved several amendments to the Stock Option Plan pursuant to which (i) all of an option holder's options will immediately vest on the date of a Change of Control event (as such term is defined in the Stock Option Plan), subject to the terms of any employment agreement or other contractual arrangement between the option holder and the Corporation, (ii) the period during which an option holder can exercise its vested options, in the case of disability or retirement is extended to 12 months, and (iii) the exercise of each option granted under the Stock Option Plan is subject to the satisfaction of all applicable withholding taxes or other withholding liabilities as the Corporation may determine to be necessary or desirable in respect of such exercise. Shareholder approval was not required for the May 25, 2016 amendments as the Stock Option Plan contains specific amendment provisions pursuant to which such amendments may be made to the Stock Option Plan upon approval of the Board, without Shareholder approval.

On July 8, 2019, the Board of Directors approved, and the Shareholders confirmed on August 14, 2019, amendments to the Stock Option Plan to (a) increase the limit on the number of options to acquire Common Shares under the Stock Option Plan ("Stock Options") from 15% to 25%, (b) increase the insider participation limits set forth in the Stock Option Plan from 15% to 25%, (c) increase the limit on the number of Stock Options that may be granted to any one insider and such insider's associates within any twelve month period from 5% to 20%.

Options for Common Shares representing, from time to time, up to 25% of the outstanding issued Common Shares then outstanding may be granted by the Board pursuant to the Stock Option Plan.

Not more than 20% of Common Shares issued by the Corporation pursuant to the Stock Option Plan may be granted to any single optionee during a 12-month period (not more than 2% if such optionee is a consultant or an employee providing investor relations services). In addition, the Stock Option Plan, together with any other plan to be established or any options already granted, will not result in either (i) the number of Common Shares reserved for issuance in connection with options granted to insiders representing more than 25% of the number of Common Shares issued and outstanding, or (ii) the issuance to insiders, during a 12-month period, of a number of options representing more than 25% of the number of Common Shares issued and outstanding.

For additional information as of March 31, 2020, see "Securities Authorized for Issuance Under Equity Compensation Plans".

Options granted under the Stock Option Plan are non-transferable and are subject to a minimum vesting period of 18 months, with gradual and equal vesting on no less than a quarterly basis. They are exercisable, subject to vesting and/or performance conditions, at the Market Price of the Common Shares on the day prior to the grant of such options. The expiry date of an option is fixed by the Board at the time the particular option is granted, and must not exceed 10 years.

In the event that the holder of options dies, becomes disable or retires from the Corporation while he or she is still an employee, director or consultant, the expiry date of the options will be the first anniversary of the holder's date of death, disability or retirement, as applicable.

If the holder of options holds his or her option as a director of the Corporation and such holder ceases to be a director of the Corporation other than by reason of death or disability, the expiry date of the option will not exceed the 60th day following the date the holder ceases to be a director of the Corporation unless the holder ceases to be a director of the Corporation as a result of (i) ceasing to meet the qualifications of a director set forth under applicable corporate law, (ii) an ordinary resolution having been passed by the shareholders of the Corporation pursuant to applicable corporate law, or (iii) an order made by any regulatory authority having jurisdiction to so order, in which case the expiry date will be the date the holder ceases to be a director of the Corporation.

If the holder of options holds his or her option as an employee or consultant of the Corporation and such holder ceases to be an employee or consultant of the Corporation other than by reason of death, disability or retirement, the expiry date of the option will not exceed the 60th day following the termination date or, if the employee or consultant provides investor relations services, the 30th day following the termination date, unless the holder (i) ceases to be an employee of the Corporation as a result of termination for cause, or (ii) ceases to be an employee or consultant of the Corporation as a result of an order made by any regulatory authority having jurisdiction to so order, in which case the expiry date will be the termination date.

In the event that a holder of options commits an act of bankruptcy or any proceeding is commenced against the holder under applicable bankruptcy or insolvency legislation in force at the time of such bankruptcy or insolvency, the expiry date of the option will be the date immediately preceding the date on which such holder commits such act of bankruptcy.

Subject to the approval of the relevant authorities, including the TSX if applicable, and compliance with any conditions attached to such approval (including, in certain circumstances, approval by Shareholders) if applicable, the Board may amend, suspend or discontinue the Stock Option Plan, and amend or discontinue any options granted under the Stock Option Plan, at any time without shareholder approval. Without limiting the foregoing, the Board is specifically authorized to amend the terms of the Stock Option Plan, and the terms of any options granted under the Stock Option Plan, without obtaining shareholder approval, to: (i) amend the vesting provisions, (ii) amend the termination provisions, except as otherwise provided in the Stock Option Plan, (iii) amend the eligibility requirements of eligible Directors, employees or consultants which would have the potential of broadening or increasing insider participation, (iv) add any form of financial assistance, (v) amend a financial assistance provision which is more favourable to Directors, employees or consultants, (vi) add a cashless exercise feature, payable in cash or securities, whether or not the feature provides for a full deduction of the number of underlying Common Shares from the reserved Common Shares, (vii) add a deferred or restricted share unit or any other provision which results in Directors, employees or consultants receiving securities while no cash consideration is received by the Corporation, and (viii) make other amendments of a housekeeping nature or to comply with the requirements of any regulatory authority. However, unless option holders consent to the amendment or termination of the Stock Option Plan in writing, any such amendment or termination of the Stock Option Plan cannot affect the conditions of options that have already been granted and that have not been exercised under the Stock Option Plan.

The Board may not amend the Stock Option Plan without Shareholders' approval to: (i) increase the number of Common Shares reserved for issuance under the Stock Option Plan, including a change in the manner of determining the exercise price of the options, (ii) increase the aggregate number of Common Shares in respect of which options have been granted and remain outstanding so that such number of Common Shares, when taken together with all of the Corporation's security based compensation arrangements then either in effect or proposed, shall at any time be such as to result in the number of Common Shares issuable to insiders pursuant to stock options exceeding 25% of the issued and outstanding Common Shares, or the issuance to insiders pursuant to stock options, within a one-year period, of a number of Common Shares exceeding 25% of the issued and outstanding Common Shares, (iii) amend the amending provisions of the Stock Option Plan, and (iv) change the employees (or class of employees) eligible to receive options under this plan. Further, the Board may not amend granted options without Shareholders' approval to reduce the exercise price for the benefit of insiders, or to extend the termination date for the benefit of insiders, other than in accordance with the Stock Option Plan.

Options granted under the Stock Option Plan to U.S. Taxpayers may be nonqualified stock options or incentive stock options intended to qualify under Section 422 ("ISOs") of the United States Internal Revenue Code of 1986 and the applicable authority thereunder (the "Code"). "U.S. Taxpayer" means a person who is a U.S. citizen, U.S. permanent resident, or U.S. tax resident for the purposes of the Code whose purchase of Common Shares under the Stock Option Plan would be subject to U.S. taxation under the Code. Such person shall be considered a U.S. Taxpayer solely with respect to such options.

The maximum number of options that may be granted as ISOs is equal to the maximum number of Common Shares issuable under the Stock Option Plan. The terms and conditions of any ISOs granted, including the eligible recipients of ISOs, shall be subject to the provisions of Section 422 of the Code, and the terms, conditions, limitations and administrative procedures established by the Board of Directors of the Corporation from time to time in accordance with the Stock Option Plan.

If an ISO is granted to a person who owns shares representing more than ten percent (10%) of the voting power of all classes of shares of the Corporation or of a subsidiary or parent, as such terms are defined in Section 424(e) and (f) of the Code, the term of the option shall not exceed five (5) years from the time of grant of such option and the exercise price shall be at least 110% of the Market Price (at the time of grant) of the Common Shares subject to the option.

To the extent the aggregate Market Price (determined at the time of grant) of the Common Shares for which ISOs are exercisable for the first time by any person during any calendar year (under all plans of the Corporation) exceeds \$100,000, such excess ISOs shall be treated as nonqualified stock options.

Any options granted to U.S. Taxpayers shall be limited to employees or consultants providing services to the Corporation or to an affiliate which is an “eligible issuer”, as defined in final Treas. Reg. 1.409A-1(b)(iii) (this includes corporate subsidiaries in which the Corporation has a controlling interest).

The Stock Option Plan provides that if the expiration of the term of options awarded under the Stock Option Plan occurs during, or within five (5) business days after, a trading black-out imposed by the Corporation to restrict trades in the Corporation’s securities (a “**Blackout Period**”), then such term will be extended until the tenth business day after the end of such Blackout Period.

Equity Incentive Plan

On January 30, 2013, the Board of Directors adopted a resolution approving the Equity Incentive Plan in order to provide the Corporation with a share related mechanism to attract, retain, and motivate qualified Directors, employees, and consultants of the Corporation and its subsidiaries. The adoption of the Equity Incentive Plan was approved by the Shareholders of the Corporation at its 2013 Shareholders’ meeting held on June 27, 2013 and renewed at its 2018 Shareholder’s meeting held on August 15, 2018.

The following is a summary of important provisions of the Equity Incentive Plan. It is not a comprehensive discussion of all of the terms and conditions of the Equity Incentive Plan. Readers are advised to review the full text of the Equity Incentive Plan to fully understand all terms and conditions of the Equity Incentive Plan. A copy of the Equity Incentive Plan can be obtained by contacting the Corporation’s Corporate Secretary.

Purpose. The purpose of the Equity Incentive Plan is to promote the Corporation’s interests and long-term success by providing Directors, officers, employees and consultants with greater incentive to further develop and promote the Corporation’s business and financial success, to further the identity of interest of persons to whom certain awards may be granted with those of the Shareholders generally through a proprietary ownership interest in the Corporation, and to assist the Corporation in attracting, retaining and motivating its Directors, officers, employees and consultants.

Administration. Under the Equity Incentive Plan, the Board of Directors can, at any time, appoint a committee to, among other things, interpret, administer and implement the Equity Incentive Plan on behalf of the Board of Directors in accordance with such terms and conditions as the Board may prescribe, consistent with the Equity Incentive Plan (provided that if at any such time such a committee has not been appointed by the Board of Directors, the Equity Incentive Plan will be administered by the Board of Directors).

Eligible Persons. Under the Equity Incentive Plan, awards may be granted to any Director, officer, employee, or consultant (as defined in the Equity Incentive Plan) of the Corporation or of a subsidiary (an “**Eligible Person**”). A participant (“**Participant**”) is an Eligible Person to whom an award has been granted under the Equity Incentive Plan.

Number of Securities Reserved for Issuance. Subject to the adjustment provisions provided for in the Equity Incentive Plan and the applicable rules and regulations of all regulatory authorities to which the Corporation is subject (including any stock exchange), the total number of Common Shares reserved for issuance pursuant to awards granted under the Equity Incentive Plan will be equal to a number that shall not exceed 2.5% of the issued and outstanding Common Shares from time to time.

The aggregate maximum number of Common Shares available under the Equity Incentive Plan may be used for any type of award. Subject to the provisions and restrictions of the Equity Incentive Plan, if any award is exercised, cancelled, expired or otherwise terminated for any reason whatsoever, the number of Common Shares in respect of which an award is exercised, cancelled, expired or otherwise terminated for any reason whatsoever, as the case may be, will again be immediately available for purchase pursuant to awards granted under the Equity Incentive Plan.

Maximum Grant to Any Participants that are Insiders. On July 8, 2019, the Board of Directors approved, and the Shareholders confirmed on August 14, 2019, amendments to the Equity Incentive Plan to increase the insider participation limits set forth in the Equity Incentive Plan, when combined with all of Corporation’s other security based share compensation arrangements, from 15% to 25%. Thereafter, if, and for so long as the Common Shares are listed on the TSX, the number of Common Shares (A) issuable, at any time, to Participants that are insiders, and (B) issued to Participants that are insiders within any 12-month period, pursuant to the Equity Incentive Plan, or when combined with all of Corporation’s other security based share compensation arrangements shall not, in aggregate, exceed 25% of the total number of outstanding Common Shares on a non-diluted basis.

Restricted Shares. The Board of Directors is authorized to grant restricted shares (“**Restricted Shares**”) to Eligible Persons subject to the terms and conditions of the Equity Incentive Plan and the requirements of the stock exchange where the Common Shares are listed for trading. Subject to the provisions of the Equity Incentive Plan and any applicable award agreement, the Eligible Person shall generally have the rights and privileges of a Shareholder as to such Restricted Shares, including the right to vote such Restricted Shares. A Restricted Share award will be subject to a Restricted Share award agreement containing such terms and conditions, not inconsistent with the provisions of the Equity Incentive Plan, as the Board of Directors determines and which the stock exchange where the Common Shares are listed for trading allows. The number of Restricted Shares to be credited to each Eligible Person’s account shall be computed by dividing (a) the award value, by (b) the Market Price (as defined hereunder) of a Common Share on the day immediately preceding the grant date, with fractions rounded down to the nearest whole number.

In addition to any other restrictions set forth in an Eligible Person’s award agreement, until such time that the restricted period for the Restricted Shares has lapsed pursuant to the terms of the applicable award agreement, which restricted period the Board may in its sole discretion accelerate at any time, the Eligible Person shall not be permitted to sell, transfer, pledge, or otherwise encumber the Restricted Shares.

For the purposes of the Equity Incentive Plan, “**Market Price**” at any date in respect of the Common Shares shall be the VWAP on the TSX (and if listed on more than one stock exchange, then the highest of such closing prices) during the last ten (10) business days prior to the relevant date (10-day VWAP) (or, if the Common Shares are not then listed and posted for trading on the TSX, on such stock exchange in Canada on which the Common Shares are listed and posted for trading as may be selected for such purpose by the Board). In the event that the Common Shares did not trade on such ten (10) business days, the Market Price shall be the average of the bid and asked prices in respect of the Common Shares at the close of trading on any such date within that ten (10) business day period. In the event that the Common Shares are not listed and posted for trading on any stock exchange, the Market Price shall be the fair market value of the Common Shares as determined by the Board in its sole discretion.

Restricted Share Units. The Board of Directors is authorized to grant Restricted Share Units (“**RSUs**”) to Eligible Persons subject to the terms and conditions of the Equity Incentive Plan and the requirements of the stock exchange on which the Common Shares are listed for trading. The number of RSUs to be credited to each Eligible Person’s account shall be computed by dividing (a) the award value, by (b) the Market Price of a Common Share on the day immediately preceding the grant date, with fractions rounded down to the nearest whole number. A RSU award will be subject to a restricted share unit award agreement containing such terms and conditions, not inconsistent with the provisions of the Equity Incentive Plan, as the Board of Directors determines and which the stock exchange where the Common Shares are listed for trading allows.

The Board shall have the authority to condition the grant of RSUs upon the attainment of specified performance goals, or such other factors as the Board may determine in its sole discretion. The Board shall have the authority to determine at the time of grant, in its sole discretion, the duration of the vesting period and other vesting terms applicable to the grant of RSUs, provided that no RSU granted shall vest and be payable after December 31 of the third calendar year following the year of service for which the RSU was granted.

Performance Share Units. The Board of Directors is authorized to grant performance share units (“**PSUs**”) to Eligible Persons subject to the terms and conditions of the Equity Incentive Plan and the requirements of the stock exchange where the Common Shares are listed for trading. A PSU award will be subject to a performance share unit award agreement containing such terms and conditions, not inconsistent with the provisions of the Equity Incentive Plan, as the Board of Directors determines and which the stock exchange where the Common Shares are listed for trading allows. The number of PSUs to be credited to each Participant’s account shall be computed by dividing (a) the award value, by (b) the Market Price of a Common Share on the day immediately preceding the grant date, with fractions rounded down to the nearest whole number.

A PSU granted under the Equity Incentive Plan may be denominated in Common Shares and will confer on the holder thereof the right to receive payments, in whole or in part, upon the achievement of such performance goals during such performance periods as the Board of Directors establishes. Subject to the terms of the Equity Incentive Plan, the performance goals to be achieved during any performance period, the length of any performance period, the amount of any PSUs granted, the amount of any payment or transfer to be made pursuant to any PSUs and any other terms and conditions of the PSUs will be determined by the Board of Directors.

Deferred Share Units. The Board of Directors is authorized to grant Deferred Share Units (“DSUs”) to Eligible Persons subject to the terms and conditions of the Equity Incentive Plan and the requirements of the stock exchange where the Common Shares are listed for trading. A DSU award will be subject to a Deferred Share Unit award agreement containing such terms and conditions, not inconsistent with the provisions of the Equity Incentive Plan, as the Board of Directors determines and which the stock exchange where the Common Shares are listed for trading allows. The number of DSUs to be credited to each Participant’s account shall be computed by dividing (a) the award value, by (b) the Market Price of a Common Share on the day immediately preceding the grant date, with fractions rounded down to the nearest whole number. DSUs shall be settled on the date established in the award agreement; provided, however that in no event shall a DSU award be settled prior to the date of the applicable Participant’s separation from service. If the award agreement does not establish a date for the settlement of the DSUs, then the settlement date shall be the date of separation from service.

Other Share-Based Awards. The Board of Directors is authorized to grant to an Eligible Person, subject to the terms of the Equity Incentive Plan and the requirements of the stock exchange where the Common Shares are listed for trading, such other share-based awards consisting of a right (A) which is other than a Restricted Share, a RSU, a PSU, or a Deferred Share Unit and (B) which is denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, Common Shares (including, without limitation, securities convertible into Common Shares), as are deemed by the Board of Directors to be consistent with the purpose of the Equity Incentive Plan.

Causes of Cessation. In the event the Participant ceases to be an Eligible Person for any reason, other than the death of the Participant or the termination of the Participant for cause, then unless otherwise determined by the Board of Directors and set forth in an award agreement, any awards held by the Participant that are not yet vested (or for which the restricted period has not lapsed) at the date the Participant ceases to be an Eligible Person are immediately forfeited to the Corporation on such date.

In the event of the termination of the Participant for cause, all awards held by such Participant will be immediately forfeited to the Corporation.

In the event of the death or disability of a Participant prior to the Participant ceasing to be an Eligible Person (A) a portion of the next instalment of any awards due to vest (or for which the restricted period is due to lapse) shall immediately vest (or cease to be restricted) such portion to equal to the number of awards next due to vest (or cease to be restricted) multiplied by a fraction the numerator of which is the number of days elapsed since the date of vesting (or lapse of restricted period) of the last instalment of the awards (or if none have vested or have ceased to be restricted, the date of grant) to the date of disability or death and the denominator of which is the number of days between the date of vesting (or lapse of restricted period) of the last instalment of the awards (or if none have vested or have ceased to be restricted, the date of grant) and the date of vesting (or lapse of restricted period) of the next instalment of the awards; (B) unless otherwise determined by the Board of Directors and set forth in an award agreement and subject to subsection (C), any awards held by the Participant that are not yet vested (or for which the restricted period has not lapsed) at the date of disability or death are immediately forfeited to the Corporation on the date of disability or death; and (C) such Participant’s eligibility to receive further grants of awards under the Equity Incentive Plan ceases as of the date of disability or death.

Where a Director’s term of office terminates for any reason other than death or disability of the Director or a breach by the Director of his or her fiduciary duty to the Corporation (as determined by the Board in its sole discretion), the Board may, in its sole discretion, at any time prior to or following the termination date, provide for the vesting (or lapse of restrictions) of any or all awards held by a Director on the termination date.

Assignability. Awards granted under the Equity Incentive Plan are non-transferable and non-assignable to anyone other than to a “permitted assign” as defined in the Equity Incentive Plan.

Distribution Equivalents. RSUs, PSUs, and DSUs shall be credited with dividend equivalents in the form of additional RSUs, PSUs, and DSUs as of each dividend payment date in respect of which normal cash dividends are paid on Common Shares. Such dividend equivalents shall be computed by dividing: (a) the amount obtained by multiplying the amount of the dividend declared and paid per Common Share by the number of RSUs, PSUs, and DSUs held by the participant on the record date for the payment of such dividend, by (b) the Market Price on the first business day immediately following the dividend record date, with fractions computed to three decimal places. Dividend equivalents credited to a participant’s accounts

shall vest in proportion to the RSUs, PSUs, and DSUs to which they relate. The Board may in its discretion include in an award agreement applicable to an other share-based award a dividend equivalent right entitling the participant to receive amounts equal to the normal cash dividends that would be paid, during the time such award is outstanding and unexercised, on the Common Shares covered by such award if such Common Shares were then outstanding and may decide whether such payments shall be made in cash, in Common Shares or in another form, whether they shall be conditioned upon the vesting of the award to which they relate, the time or times at which they shall be made, and such other terms and conditions as the Board shall deem appropriate.

Procedure for Amending. Subject to terms of the Equity Incentive Plan and any applicable requirements of the stock exchange where the Common Shares are listed for trading, the Board may, without notice or Shareholder approval, at any time or from time to time, amend the Equity Incentive Plan for the purposes of:

1. making any amendments to the general vesting provisions or restricted period of each award;
2. making any amendments to the provisions governing the termination of employment or services;
3. making any amendments to add covenants of the Corporation for the protection of Participants, as the case may be, provided that the Board shall be of the good faith opinion that such additions will not be prejudicial to the rights or interests of the Participants, as the case may be;
4. making any amendments not inconsistent with the Equity Incentive Plan as may be necessary or desirable with respect to matters or questions which, in the good faith opinion of the Board, having in mind the best interests of the Participants and the Corporation, it may be expedient to make, including amendments that are desirable as a result of changes in law in any jurisdiction where a Participant resides, provided that the Board shall be of the opinion that such amendments and modifications will not be prejudicial to the interests of the Participants and the Corporation; or
5. making such changes or corrections which, on the advice of counsel to the Corporation, are required for the purpose of curing or correcting any ambiguity or defect or inconsistent provision or clerical omission or mistake or manifest error, provided that the Board shall be of the opinion that such changes or corrections will not be prejudicial to the rights and interests of the Participants.

Notwithstanding the foregoing, both the approval of the stock exchange where the Common Shares are listed for trading and the approval of Shareholders is required for amendments (A) which would increase the number of Common Shares issuable under the Equity Incentive Plan, except as otherwise provided pursuant to the provisions in the Equity Incentive Plan, (B) which would increase the number of Common Shares issuable to insiders of the Corporation, except as otherwise provided pursuant to the provisions in the Equity Incentive Plan, and (C) which would amend the terms described under this "Procedure for Amending" section.

Subject to the terms of the Equity Incentive Plan with respect to a change in control of the Corporation, the Board of Directors shall not materially adversely alter or impair any rights or increase any obligations with respect to an award previously granted under the Equity Incentive Plan without the consent of the Participant, as the case may be.

Other Material Information. Should the Corporation effect a subdivision or consolidation of Common Shares or any similar capital reorganization or a payment of a stock dividend (other than a stock dividend that is in lieu of a cash dividend), or should any other change be made in the capitalization of the Corporation that does not constitute a change in control and that would warrant the amendment or replacement of any existing awards in order to adjust the number of Common Shares that may be acquired on the vesting of outstanding awards and/or the terms of any award in order to preserve proportionately the rights and obligations of the Participants holding such awards, the Board of Directors will, subject to the prior approval of the stock exchange on which the Common Shares are listed for trading, authorize such steps to be taken as it may consider to be equitable and appropriate to that end.

In the event of an amalgamation, combination, arrangement, merger or other transaction or reorganization involving the Corporation and occurring by exchange of shares, by sale or lease of assets or otherwise, that does not constitute a change in control and that warrants the amendment or replacement of any existing awards in order to adjust: (a) the number of shares that may be acquired on the vesting of outstanding awards and/or (b) the terms of any award in order to preserve proportionately the rights and obligations of the Participants holding such awards, the Board will, subject to the prior approval of the of the stock

exchange on which the Common Shares are listed for trading, authorize such steps to be taken as it may consider to be equitable and appropriate to that end.

Where the Board determines that the steps provided in the two immediately preceding paragraphs would not preserve proportionately the rights, value and obligations of the Participants holding such awards in the circumstances or otherwise determines that it is appropriate, the Board may permit the immediate vesting of any unvested awards and immediate lapse of any restricted period.

The Board may, in its discretion, at any time prior to or following the termination of employment or services of a Participant, permit the acceleration of vesting (or restricted period) of any or all awards, all in the manner and on the terms as may be authorized by the Board.

The Board has the right to determine that any unvested or unearned awards subject to a restricted period outstanding immediately prior to the occurrence of a change in control shall become fully vested or earned or free of restriction upon the occurrence of such change in control. The Board of Directors may also determine that any vested or earned awards shall be cashed out at the Market Price as of the date such change in control is deemed to have occurred, or as of such other date as the Board of Directors may determine prior to the change in control. Further, the Board of Directors shall have the right to provide for the conversion or exchange of any awards into or for rights or other securities in any entity participating in or resulting from the change in control.

All option agreements entered into under the Stock Option Plan and future option grants will continue to be governed by the terms of the Stock Option Plan.

Burn Rate under Security-Based Compensation Arrangements

The table below sets out the burn rate for each of the Corporation's equity compensation plans as of the ends of its last three (3) financial years. The burn rate represents the total number of Stock Options or Awards granted during the applicable financial year of the Corporation, divided by the weighted average number of Common Shares outstanding in the applicable financial year.

Security-Based Compensation Arrangements ⁽¹⁾	March 31, 2018	March 31, 2019	March 31, 2020
Stock Option Plan	9.54%	0.42%	11.78%
Equity Incentive Plan	0.26%	0.02%	3.12%

(1) The foregoing table excludes 1,600,000 restricted share units granted as a special inducement award to Mr. Cammarata outside of the Corporation's existing Stock Option Plan and Equity Incentive Plan. See "Compensation of Named Executive Officers – Compensation Discussion Analysis – Michael Cammarata Employment Agreement and Grants".

Other Forms of Compensation

RRSP Matching Program

Since June 1, 2016, the Corporation sponsors a voluntary RRSP matching program (the "**RRSP Matching Program**") which is available to all eligible employees, including NEOs. For the financial years ending March 31, 2020, and March 31, 2021, the RRSP Matching Program matches employees' contributions up to a maximum of \$2,500 per financial year for eligible employees who participate in the program.

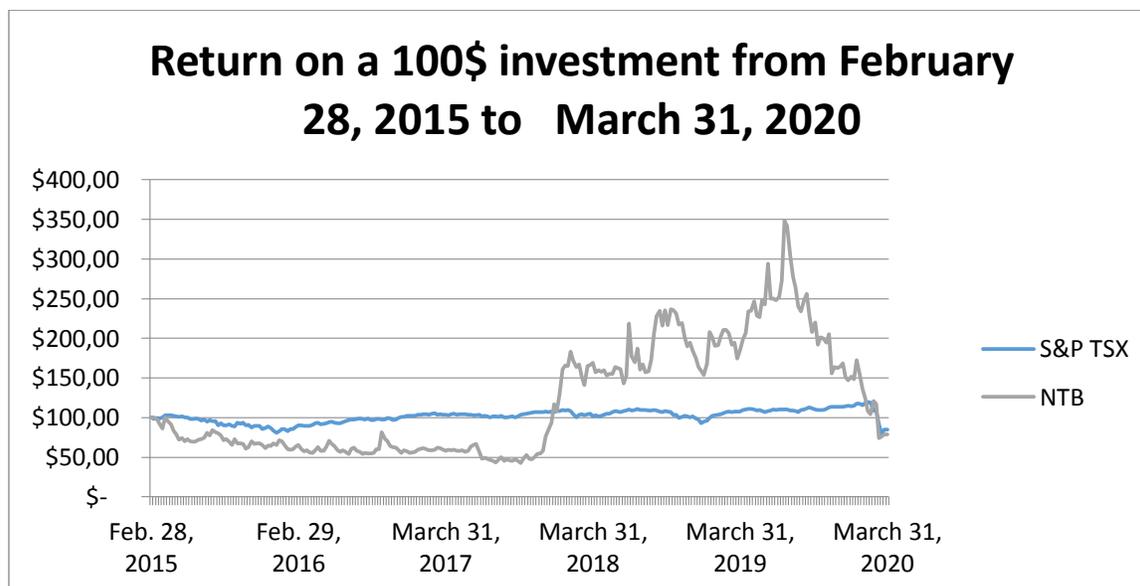

Other than matching contributions under the RRSP Matching Program, the Corporation does not provide pension or retirement benefits to its employees or Directors.

Other Benefits and Perquisites

The Corporation's executive employee benefit program also includes life, medical, dental, and disability insurance. These benefits and perquisites are designed to be competitive overall with programs offered in comparable organizations.

Performance Graph

The following graph shows the cumulative total shareholder return (“TSR”) in dollars of a \$100 investment in Common Shares compared to the cumulative return on the S&P/TSX Composite Index for the five-year period from February 28, 2015 to March 31, 2020. On March 31, 2020, the closing price of the Common Shares on the TSX was \$1.70 per share.

	Feb. 28, 2015	Feb. 29, 2016	Mar. 31, 2017	Mar. 31, 2018	Mar. 31, 2019	Mar. 31, 2020
NEOs Total Annual Compensation	\$2,913,500	\$2,711,915	\$1,976,485	\$7,784,162	\$2,017,972	\$61,247,962
Annual Change (in %)	-	-6.92%	-27.12%	293.84%	-74.08%	2,935.12%
Neptune TSR	\$100.00	\$63.48	\$58.70	\$157.39	\$184.35	\$78.70
Annual Change (in %)	-	-36.52%	-7.53%	168.13%	17.13%	-57.31%

Total annual compensation of the NEOs, who were in office at the end of each financial year increased by approximately 2,002% between February 28, 2015 and March 31, 2020. Over the same period, the TSR of a \$100 investment in the Common Shares, decreased by approximately 21%. The increase in total compensation in the financial year ended March 31, 2020 was primarily due to the equity awards granted to Mr. Michael Cammarata upon his appointment. See “Compensation of Named Executive Officers – Compensation Discussion Analysis – Michael Cammarata Employment Agreement and Grants”.

The CHR Committee is in charge of evaluating compensation and, in doing so, considers a number of factors and performance elements when determining compensation for NEOs. Although total cumulative shareholder return is one performance measure that is reviewed, it is not the only consideration in compensation deliberations. As a result, a direct correlation between total cumulative shareholder return over a given period and compensation levels is not anticipated.

(1) For the period ended on March 31, 2020, the fair market value of the July 8, 2019 share-based awards of the Corporation is based on a fair value of \$5.80 (US\$4.43) per RSU granted to Mr. Michael Cammarata.

For the period ended March 31, 2019, the fair market value of the August 17, 2018 share-based awards of the Corporation is based on a fair value of \$3.79 per DSU granted to Mr. Michel Timperio. The total value granted was \$50,000. The vesting of the DSU was based on performance conditions. As only 50% of the performance conditions were achieved, 50% of the grant has vested.

(2) The Corporation has adopted the IFRS 2 Share-based payment to account for the issuance of stock options to employees and non-employees. The fair value of stock options is estimated at the grant date using the Black-Scholes Option Pricing Model or a Binomial – barrier options model for performance options granted. These models require the input of a number of parameters, including stock price, stock exercise price, expected stock price volatility, expected time until exercise and risk-free interest rates. Although the assumptions used reflect management's best estimates, they involve inherent uncertainties based on market conditions generally outside of the Corporation's control.

DIRECTORS' COMPENSATION

COMPENSATION OF DIRECTORS

For Fiscal 2020, neither Mr. Michael Cammarata, the Corporation's President and CEO nor Mr. James S. Hamilton, the Corporation's former President and CEO, received any compensation from the Corporation in their capacity as Director, and neither were considered by the Board as being "independent" within the meaning of National Instrument 52-110 – *Audit Committees* ("NI 52-110").

For Fiscal 2020, Non-executive Directors were paid according to the following flat fee structure which is aligned with the comparator group's 50th percentile total annual compensation and varies for different roles:

Role	Annual Retainer
Chairman of the Board	\$100,000
Member of the Board	\$50,000
Chairperson of a Committee	Additional \$10,000 (per chair position)
Member of a Committee ⁽¹⁾	Additional \$10,000 (per committee)

⁽¹⁾ No additional retainer is currently paid for membership in the Governance Committee or for any meetings of the Governance Committee.

Board Compensation and Share Ownership Policy

Our Board Compensation and Share Ownership Policy, effective since July 12, 2016, guides the development of compensation programs designed to attract competent and dedicated directors to provide oversight and represent the interests of shareholders. The policy is articulated in terms of three pillars:

1. Benchmarking against the Canadian Market

The CHR Committee periodically reviews the form and amount of non-executive Directors' compensation with a view to aligning the interests of Directors and shareholders, and providing market competitive compensation. When changes are appropriate, the CHR Committee makes recommendations to the Board of Directors for consideration and approval.

The CHR Committee considers the responsibilities, workload, time commitment, and expertise required of the Directors. It assesses the design and competitiveness of our board compensation against a comparator group of Canadian publicly-traded healthcare companies and other Quebec-based companies of comparable scope, complexity, and size, as measured by financial criteria, including market capitalization, total revenue and other measures. As of 2017, the comparator group consists of the following 18 companies:

Healthcare Canada		General Industry Québec
Neovasc Inc.	Theratechnologies Inc.	Stingray Digital Group Inc.
Aralez Pharmaceuticals Inc.	Immunotec Inc.	BTB Real Estate Investment Trust
Arbutus Biopharma Corporation	Cardiome Pharma Corp.	D-Box Technologies Inc.
Cipher Pharmaceuticals Inc.	BioSyent Inc.	Imvescor Restaurant Group Inc.
Merus Labs International Inc.	Xenon Pharmaceuticals Inc	Mediagrif Interactive Technologies
CRH Medical Corporation	Medicure Inc.	Savaria Corporation

2. Share Ownership Policy

The Board of Directors believes the following share ownership policy aligns the interests of Directors with those of shareholders.

Non-executive Directors have a maximum period of five (5) years to acquire stock ownership equal to two (2) times their annual retainer. Similarly, new Directors will have a maximum period of five (5) years from the date of their appointment to meet the share ownership policy. Common Shares as well as “in-the-money” vested options, DSUs, RSUs or similar types of Equity-Based Awards available under the Corporation’s Equity Incentive Plan, count towards meeting the share ownership policy.

3. Equity-Based Compensation

To foster shareholder alignment and to facilitate equity accumulation as well as compliance with the share ownership policy, the standard annual retainer of \$50,000 of Directors who do not meet the share ownership policy is payable 50% in cash and 50% in fully vested DSUs.

A Director may also request that a higher percentage of his/her annual retainer be payable in fully-vested DSUs by sending a written request to the Corporation’s Corporate Secretary on the date of his/her election or re-election as Director at the annual meeting of shareholders.

A Director whose equity ownership meets or exceeds the share ownership policy may request that up to 100% of his/her annual retainer be paid in cash.

4. Initial Grant of Stock Options

Following their first election to the Board of Directors, non-executive Directors are eligible to receive an initial grant of up to 75,000 stock options, representing no more than 1.5x their annual cash retainer worth of stock options. The stock option shall be issued for a term of five (5) years and vest annually in equal installments over a 3-year period (1/3 every year), and be subject to the other terms and conditions set forth under the Stock Option Plan. Any option granted hereunder to any non-executive Directors should be subject to reissuance by the Board if they expire unexercised by said non-executive Director. The number of stock options to be reissued will be computed as of the date of their reissuance, based on the formula mentioned above. Additional stock options under the Stock Option Plan may from time to time be granted to Directors in recognition for their additional contribution to the Board of Directors.

In such event, the executive will have 60 days from the termination date to exercise his or her vested stock options, following which period all unexercised stock options will be forfeited and cancelled.

In accordance with the terms and provisions of the employment agreement entered into between the Corporation and Stephen Lijoi Vice President, Operations of the Corporation, If Mr. Lijoi's employment is terminated by the Corporation without Cause or by Mr. Lijoi for Good Reason, as those terms are defined in the employment agreement, Mr. Lijoi will, subject to certain conditions, be entitled to severance pay of one (1) week for each month of service, up to a total of six (6) months of Mr. Lijoi base salary in effect on the date of such termination. Mr. Lijoi ceased to be Vice President, Operations and an employee of the Corporation on July 13, 2020.

Any amounts in excess of the minimum requirements of severance as required per applicable law, are conditional upon (i) the executive signing a full and final release in a form satisfactory to the Corporation, (ii) the executive continuing to comply with the covenants and restrictions contained in the employment agreement, and (iii) upon the request of the Corporation, the executive promptly re-confirming in writing his agreement to be bound by the covenants and restrictions contained in the employment agreement.

CORPORATE GOVERNANCE

Board of Directors

Director Independence

The Board of Directors believes that, in order to maximize effectiveness, the Board of Directors must be able to operate independently. A majority of Directors must satisfy the applicable tests of independence, such that the Board of Directors complies with all independence requirements under applicable corporate and securities laws and stock exchange requirements applicable to the Corporation. No Director will be independent unless the Board of Directors has affirmatively determined that the Director has no material relationship with the Corporation or any of its affiliates, either directly or indirectly or as a partner, shareholder or officer of an organization that has a material relationship with the Corporation or its affiliates. Such determinations will be made on an annual basis and, if a Director joins the Board of Directors between annual meetings, at such time.

Independent Directors

Currently, the Board of Directors considers Dr. Ronald Denis, Mr. John M. Moretz, Ms. H  l  ne F. Fortin, Mr. Richard P. Schottenfeld, Mr. Michael A. De Geus and Mr. Joseph Buaron "independent" within the meaning of NI 52-110. Ms. Fortin will not standing for re-election at the Meeting. The Board of Directors considers that, if they are elected at the Meeting, each of Ms. Jane Pemberton and Mr. Frank Rochon will be "independent" within the meaning of NI 52-110.

Directors who are not independent

The Board of Directors does not consider Mr. Michael Cammarata "independent" within the meaning of NI 52-110 due to his position as President and CEO of the Corporation.

Majority of Directors will be independent

As of the date of this Circular, the Board of Directors considers six (6) of the seven (7) members of the Board of Directors are independent within the meaning of NI 52-110, as it applies to the Board of Directors. Assuming the election of the proposed nominees for election as Directors, seven (7) of the eight (8) members of the Board for the ensuing year will be independent within the meaning of NI 52-110, as it applies to the Board of Directors, and a majority of the Directors will therefore be independent.

Independent Directors hold regularly scheduled closed meetings

During the last completed financial year ended March 31, 2020, the independent Directors held at least four (4) scheduled meetings at which non-independent Directors and members of management were not in attendance.

ORIENTATION AND CONTINUING EDUCATION

Measures the Board takes to orient new Directors

The Corporation provides orientation for new appointees to the Board of Directors and committees in the form of informal meetings with members of the Board and senior management, complemented by presentations on the main areas of the Corporation's business.

Measures the Board takes to ensure that its Directors maintain the skill and knowledge necessary to meet their obligations as Directors

The Board does not formally provide continuing education to its Directors. The Directors are experienced members. The Board of Directors relies on professional assistance when judged necessary in order to be educated/updated on a particular topic.

ETHICAL BUSINESS CONDUCT

Code of Business Conduct and Ethics

The Board of Directors adopted a Code of Business Conduct and Ethics (the "**Code of Conduct**") for its Directors, officers, and employees, as amended from time to time, including most recently on June 4, 2018, which can be found on SEDAR at www.sedar.com and on the Corporation's web site on www.neptunecorp.com. A copy of the Code of Conduct can also be obtained by contacting the Corporate Secretary of the Corporation. Since its adoption by the Board of Directors, any breach of the Code of Conduct must be brought to the attention of the Board of Directors by the CEO or other senior executive of the Corporation. No material change report has ever been filed which pertains to any conduct of a Director or executive officer that constitutes a breach to the Code of Conduct.

The Board of Directors also adopted the following policies: (i) disclosure policy, (ii) insider trading policy, (iii) majority voting policy, (iv) management compensation policy, (v) board compensation and ownership policy, and (vi) whistleblower policy.

Steps the Board takes to ensure Directors exercise independent judgement

The Board of Directors actively monitors compliance with the Code of Conduct and promotes a business environment where employees are encouraged to report malfeasance, irregularities, and other concerns. The Code of Conduct provides for specific procedures for reporting non-compliant practices in a manner which, in the opinion of the Board of Directors, encourages and promotes a culture of ethical business conduct.

In addition, under the *Civil Code of Québec*, to which the Corporation is subject as a legal person incorporated under the *Business Corporations Act* (Québec), a Director of the Corporation must immediately disclose to the Board of Corporation any situation that may place him or her in a conflict of interest. Any such declaration of interest is recorded in the minutes of proceeding of the Board of Directors of the Corporation. The Director abstains, except if required, from the discussion and voting on the question. In addition, it is the policy of the Corporation that an interested Director recuse himself or herself from the decision-making process pertaining to a contract or transaction in which he or she has an interest.

NOMINATION OF DIRECTORS

The Board of Directors receives recommendations from the Nominating Committee, but retains responsibility for managing its own affairs by, among other things, giving its approval for the composition and size of the Board of Directors, and the selection of candidates nominated for election to the Board of Directors. The

Nominating Committee shall initially evaluate candidates for election as Directors, having regard to the background, employment, and qualifications of possible candidates.

The selection of nominees for the Board of Directors is made by the other members of the Board, based on the needs of the Corporation and the qualities required to sit on the Board of Directors, including ethical character, integrity and maturity of judgment of the candidates; the level of experience of the candidates, their ideas regarding the material aspects of the business of the Corporation, the expertise of the candidates in fields relevant to the Corporation while complementing the training and experience of the other members of the Board of Directors; the will and ability of the candidates to devote the necessary time to their duties to the Board of Directors and its committees, the will of the candidates to serve on the Board of Directors for numerous consecutive financial periods and finally, the will of the candidates to refrain from engaging in activities which conflict with the responsibilities and duties of a Director of the Corporation and its Shareholders. The Corporation researches the training and qualifications of potential new Directors which seem to correspond to the selection criteria of the Board of Directors and, depending on the results of said research, organizes meetings with the potential candidates.

In the case of incumbent Directors whose terms of office are set to expire, the Corporation will review such Directors' overall service to the Corporation during their term of office, including the number of meetings attended, level of participation, quality of performance and any transactions of such Directors with the Corporation during their term of office.

The Corporation may use various sources in order to identify the candidates for the Board of Directors, including its own contacts and the references of other Directors, officers, advisors of the Corporation and executive placement agencies. The Corporation will consider Director candidates recommended by Shareholders and will evaluate such Director candidates in the same manner in which it evaluates candidates recommended by other sources. In making recommendations for Director nominees for the annual meeting of Shareholders, the Corporation will consider any written recommendations of Director candidates by Shareholders received by the Corporate Secretary of the Corporation no later than 120 days before the anniversary of the previous year's annual meeting of Shareholders. Recommendations must be made in accordance with the Corporation's advance notice by-law no. 2013-1 and include the candidate's name, contact information and a statement of the candidate's background and qualifications, and must be mailed to the Corporation.

Following the selection of the candidates by the Board of Directors, the Corporation will propose a list of candidates to the Shareholders, for the annual meeting of the Corporation.

The members of the Nominating Committee are Mr. Richard P. Schottenfeld, who acts as Chair of the Committee, Dr. Ronald Denis, Mr. Michael A. De Geus, Mr. John Moretz and Mr. Michael Cammarata. The Nominating Committee is not comprised entirely of independent directors, as Mr. Cammarata is not an independent director in that he is the President and Chief Executive Officer of the Corporation. A majority of the members of the Nominating Committee are independent, as is a majority of the members of the Board of Directors, ensuring any candidate recommended to the Board of Directors by the Nominating Committee is approved by a majority of independent members of the Nominating Committee and the Board of Directors. Following the Meeting, the Nominating Committee is expected to continue to be comprised of a majority of independent directors within the meaning of NI 52-110.

The Nominating Committee fulfills the functions of a nominating committee.

COMPENSATION

The CHR Committee has the responsibility of evaluating the compensation, performance incentives, as well as the benefits granted to the Corporation's upper management in accordance with their responsibilities and performance as well as to recommend the necessary adjustments to the Board of Directors of the Corporation. The CHR committee also reviews the amount and method of compensation granted to the Directors. The CHR Committee may mandate an external firm in order to assist it during the execution of its mandate. The CHR Committee considers time commitment, comparative fees, and responsibilities in determining compensation. With respect to the compensation of the Corporation's officers, see "Compensation of Named Executive Officers – Compensation Discussion and Analysis" above.

The CHR Committee is only composed of independent members within the meaning of NI 52-110, namely Mr. Richard P. Schottenfeld, who acts as Chair of the Committee, Dr. Ronald Denis, and Ms. Hélène F.

Fortin. Following the Meeting, the CHR Committee is expected to continue to be comprised only of independent directors within the meaning of NI 52-110.

OTHER BOARD COMMITTEES

In addition to the Audit Committee, the Nominating Committee and the CHR Committee, the Corporation also has the Governance Committee, Special Transaction Committee and Operations and IT Committee. The Governance Committee is responsible for reviewing the Corporation's corporate governance practices and procedures, monitoring relationships and communication between management and the Board of Directors, monitoring emerging best practices in corporate governance and oversight of governance matters and assessing the Board of Directors and its committees. The Governance Committee is also in charge of establishing the procedure which must be followed by the Corporation in order for it to comply with the guidelines of the TSX regarding corporate governance.

ASSESSMENTS

The Board of Directors, its committees, and each Director of the Corporation are subject to periodic evaluations of their efficacy and contribution at least once a year. The evaluation procedure consists in identifying any shortcomings and implementing adjustments proposed by Directors for the Board of Directors and each of its committees. Among other things, these adjustments deal with the level of preparation of Directors, management and consultants employed by the Corporation, the relevance and sufficiency of the documentation provided to Directors and the time allowed to Directors for discussion and debate of items on the agenda.

DIRECTOR TERM LIMITS

The Board has actively considered the issue of term limits for Directors and will continue to do so. At this time, the Board does not believe that it is in the best interests of the Corporation to establish a limit on the number of times a Director may stand for election. While such a limit could help create an environment where fresh ideas and viewpoints are available to the Board, a director term limit could also disadvantage the Corporation through the loss of the beneficial contribution of directors who have developed increasing knowledge of, and insight into, the Corporation and its operations, over a period of time. As the Corporation operates in a unique industry, it is difficult to find qualified directors with the appropriate background and experience and the introduction of a director term limit would impose further difficulty.

POLICIES REGARDING THE REPRESENTATION OF WOMEN ON THE BOARD AND AMONGST EXECUTIVE OFFICERS

The Corporation has not adopted a formal written policy regarding diversity amongst executive officers and members of the Board of Directors, including mechanisms for board renewal, in connection with, among other things, the identification, and nomination of women Directors. Nevertheless, the Corporation recognizes that gender diversity is a significant aspect of diversity and acknowledges the important role that women with appropriate and relevant skills and experience can play in contributing to the diversity of perspective on the Board of Directors.

Rather than considering the level of representation of women for directorship and executive officer positions when making board or executive officer appointments, the Corporation considers all candidates based on their merit and qualifications relevant to the specific role. While the Corporation recognizes the benefits of diversity at all levels within its organization, it does not currently have any targets, rules or formal policies that specifically require the identification, consideration, nomination or appointment of candidates for directorship or executive management positions or that would otherwise force the composition of the Corporation's Board of Directors and executive management team. Currently, the Corporation has one (1) woman serving in an executive officer position at the Corporation, representing 20% of the executive officers. There is currently one (1) woman, Ms. Hélène F. Fortin, serving on the Board of Directors which represents one (1) out of the seven (7) (14.3%) Directors. If Ms. Jane Pemberton is elected at the Meeting, there will be one (1) woman serving on the Board of Directors, representing one (1) out of the eight (8) (12.5%) Directors.

In addition, copies of the Corporation's Annual Report, financial statements, management discussion and analysis and management information circular, all as filed on SEDAR, may be obtained from the Corporate Secretary of the Corporation upon request.
